

Trusted Expertise by your side

An investment bank shaped by our clients

Commerzbank Corporates & Markets (C&M) is the Corporate and Investment Banking division of Commerzbank AG. We are a client-driven investment bank, dedicated to reliability, transparency and prudence in everything we do.

Focused on what we do best

We work at the heart of the global economy. Working across all asset classes, we partner with corporate and institutional clients to create high-quality solutions to help raise finance, manage risk and deploy assets effectively.

- **Fixed Income & Currencies** – Essential solutions in hedging and trading across bonds, credit, rates and FX, supported by trusted liquidity and electronic trading, combining advanced, robust technology with highly experienced client support.
- **Equity Markets & Commodities** – Efficient and innovative ways to participate in global equity and commodity markets, including deep expertise in derivative, structuring and securities financing.
- **Corporate Finance** – Robust advice and solution delivery spanning equity & debt capital markets, leveraged finance, structured finance and M&A to help corporate clients finance their aspirations for growth.
- **Credit Portfolio Management** – Dedicated teams for financial and institutional clients seeking to optimise the risk/return profile of large-scale credit portfolios.

All these areas are served by our integrated research platform, providing independent actionable insight at the macro, industry and asset level.

German expertise, global presence

As part of one of Germany's leading banks, we are the partner of choice for clients seeking to work within or out of Europe's largest economy. This home-market expertise is supported by our growing presence in Asia and emerging markets.

Our global network includes main offices in Frankfurt, London, New York, Hong Kong and Singapore.
